

ailments or injuries may be isolated and properly cared for. The College requires that anyone needing the attention of a nurse shall have it; the money to meet the expense is advanced by the College if necessary.

Several physicians are immediately available in Black Mountain. Asheville has modern hospital facilities and resident specialists in most medical fields.

INFORMATION FOR NEW STUDENTS

Study Building: A study equipped with overhead light and bookshelves is assigned to each student. Until the Study Building is completed, some students will have to share studies. Curtains are bought in the College store. Furniture is usually made by students or bought locally.

Dormitories: Students care for their own rooms. Beds are provided; mattresses, bureaus, and mirrors are rented at low rates. Bed linen, blankets, and towels are supplied by students and should be at hand upon arrival.

Laundry: The laundering of sheets, towels, and pillow-cases is paid for by the College. A laundry room is at the disposal of students wishing to do their personal laundry.

Clothes: Both winter and summer clothes should be brought, including work clothes and heavy shoes. Evening dresses are worn at dances and concerts.

Miscellany: Students who possess equipment in any field of their interest — architecture, carpentry, painting, photography, and the like — are encouraged to bring it.

Firearms, if brought, must be kept in the office.

No pets may be brought unless permission has been obtained.
